

# RATS - Rotating and Turbomachinery Society

## MRO 2023 Technical Conference Schedule

Wednesday October 25, 2023

Dow Centennial Center, 8700 84 St, Fort Saskatchewan, AB T8L 4P5

Lions Pride Room

Shell Theatre

Scotiabank Studio

07:30 - 09:00	<b>Registration, Coffee, Mingle</b>		
09:00 - 10:00	<u>Laser Cladding Technology</u>  Castolin Eutectic Sabre Abel	<u>Installation &amp; Alignment - How to flatten the Infant Mortality Curve</u>  Easy-Laser Roman Megela	<u>Mechanical Seal Upgrade Helps Nickel Mine Combat Severe Service Conditions</u>  John Crane Steve Taylor
10:00 - 10:30	Coffee Break		
10:30 - 11:30	<u>Field Techniques for Torsional Vibration Measurements</u>  Wood Wally Bratek	<u>KPI Dashboarding, Issue identification &amp; Case study Resolution</u>  Pembina Pipeline Chris Hobbs	<u>Fugitive Emission Reduction Technologies for Recip compressors</u>  HOERBIGER Randy Dal Morin
11:30 - 14:30	<b>Tradeshow and Lunch (Lions Mane Room)</b>		
14:30 - 15:30	<u>VOC Legislation and LDAR Impacts on Ageing Pump Fleets</u>  AESSEAL Richard Smith	<u>12 Ways to Kill Your Centrifugal Pump</u>  KSB Siavash Ardeshiricham	<u>Machinery Grouting Best Practices</u>  Chinook Industrial Jason Bierbach/ Fred Helfmann
15:30 - 16:00	Coffee Break		
16:00 - 17:00	<u>Pump and System Hydraulics for Reliability Engineers</u>  ITT Goulds Pumps Scott Shults	<u>Starting Methods for Large Electric Motors on Turbomachinery Packages</u>  Voith Brandon Moy/ Helmut Hippelein	<u>Reducing Emissions in Reciprocating Compressors through Engineered Revamps</u>  Burckhardt Compression Craig Bowers
17:00 - 20:00	<u>Social Event: Ricky's All Day Grill - 8770 84 St, Fort Saskatchewan, AB</u> <u>(Across the parking lot from Dow Centennial Center)</u>
